PRODUCT DESCRIPTION

The Anti-Climb Temporary Fence Panel, 11.5ft x 6.56ft, is designed for securing events like festivals, concerts, and sporting events. Its anti-climb mesh feature adds an extra layer of security, making it difficult for unauthorized individuals to scale the fence. Made from durable hot-dip galvanized metal, this panel is weather-resistant and ideal for both indoor and outdoor use.

Quick to assemble and dismantle, the anti-climb panels are perfect for temporary event fencing, providing a secure and effective barrier to control crowd movement and protect restricted areas.

Please Note:

Our Anti-Climb Temporary Fencing Panels are designed for short-term event security and are not recommended for long-term construction site use.
